

GENERAL CONTRACTORS ■ DESIGN/BUILDERS ■ CONSTRUCTION MANAGERS

Building Management Systems, Inc. (BMS) hereby announces that founders Doug and Norma Padgett retired from the company this past August 31st, 2023. Their retirement, will bring to a close a remarkable career of almost 42 years of service to our clients and community.

BMS was founded and incorporated by Doug Padgett and Mike Hampton on September 15, 1981. Quickly making their mark in Brevard County, BMS was one of the first firms in the late 80's to offer true Design-Build services utilizing in-house architecture and pre-engineered metal building facilities. Over a span of 5 different decades, BMS has partnered with hundreds of local small businesses and corporate clients including Space Coast Credit Union, L3Harris, Health First, Brevard County School Board, Melbourne Airport Authority, Animal Medical Clinic, Space Coast Regional Airport, Cape Canaveral Port Authority, and hundreds of small Brevard County Businesses.

“Doug Padgett is one of the best builders Brevard County has ever seen. I use the term builder because Doug is more than a contractor. He has built houses, neighborhoods, malls, hangers, and schools, but he has also built a world class family, an amazing group of friends, a thriving business, and a BMS work culture that is second to none.” Jason Bartlett, President/CEO.

“Those of us that know Doug and Norma personally, admire them not only for their impact, counsel and leadership, but also for their personal values and love for their daughters, parents, family and friends.” Sisi Packard, VP/CFO.

Jason Bartlett (President and CEO), Jon Turner (VP and COO) and Sisi Packard (VP and CFO) will continue Doug and Norma's legacy and will lead and operate Building Management Systems, Inc. with the upmost integrity and passion.

About Building Management Systems, Inc.

Building Management Systems, Inc. (BMS) is a locally owned and operated State of Florida Certified Commercial Construction Profit Corporation located at 1675 S. John Rodes Boulevard in Melbourne Florida founded in 1981. They engage in a variety of design/build and construction/construction management projects, including commercial, educational, industrial, manufacturing, medical, and multi-family. Their mission is to create environmentally responsible, cost-effective structures that enable productivity and empower people.

As a mid-sized corporation in Brevard County, BMS has the advantage of corporate affiliations and infrastructure as well as the local grounding of invested employees who are active in local churches, schools and professional and social organizations. BMS employees take pride in their work and the contributions that they feel privileged to make to their communities. BMS has a progressive management plan that recognizes the value of each individual and includes ownership in their ESOP. This approach not only fosters loyalty and productivity but promotes excellence and leadership.
